## MISSION REPORTS ARE HEARD BY WOMEN'S BOARD MEMBERS

One of the most interesting meetings of the Woman's Board of Missions was that held yesterday afternoon in the parlors of Central Union Church. Aside from the regular reports that were read the ladies listened to reports by missionaries, one from Spain and the other from the Himalayas in India.

The devotional services were carried on by Miss Gulick. Both the report of the secretary and treasurer were read.

Mrs. Richards spoke briefly upon the Mission study classes that are to take place during the Lenten season. These classes will be held every Monday afternoon from four until five o'clock, from the third of February till the thirtieth of March. These classes will be held in the different churches. The first meeting will take place at Central Union Church, the second at the Methodist Episcopal church, the third at the Christian church, the fourth at the Davies Memorial in Saint Andrew's, the fifth at Central Union, and the sixth and last at the Davies Memorial. Mrs. Richards said that the churches interested in these classes are anxious to have a large attendance, and in speaking of them said that she hoped that the ladies would set aside the Mondays of Lent. It was also suggested that the ladies secure copies of Robert Spears, "The Light of The World." These will be placed on sale at the Crossroads Bookshop and may be had for a small price. If the ladies who intend to take up this study have some knowledge of the subjects to be lectured upon they will probably get more good from them.

The reports from the Gleaners society was then read by Mrs. E. A. Jones, the president of the organization.

The principal address of the afternoon was that of Reverend William Gulick of Spain. Dr. Gulick has lived in Spain for a great many years and he and his beloved wife founded the Institute for Girls there. He told of the long struggle he and Mrs. Gulick made before their dreams were realized.

When they first lived in Spain Dr. and Mrs. Gulick did not consider the founding of a school, but one day a woman came to them, with her twelve-year-old daughter, saying, that the child must help support the family and that her own desire and that of the child was that she should teach school. There was no way but that the Gulicks should take the girl into their own home and make her a member of their own family. And so their family grew and girl after girl came to them seeking education. These girls were taught the American way and when they competed with the boys they were so far ahead of them that much praise was given Dr. and Mrs. Gulick through the press. Dr. Gulick related many amusing steps in the founding of the Institute and his address was heard with interest.

Dr. Vrooman, a mission worker in the Himalayas, gave a short talk upon the need for mission workers where she came from. There are thousands of the inhabitants there who have never heard of the Christian religion. She urged that some of the women here interested in the mission work should go to India. The Ramalai collection was taken yesterday and amounted to seventy-five dollars.

Miss Elizabeth Jones of Mills School rendered a very pleasing vocal solo.

After the meeting the ladies remained for some time to meet Dr. Gulick and Dr. Vrooman.
